

AST Number	RCRA Status	TSDf	Pricing	Notes
North Tank 7	D018	Ash Grove via Lonestar	\$22,908	
South Tank 7	D002	Lonestar	\$9,383	
South Tank 2	D018, D032	Lonestar	\$14,010	Matrix Interference Codes Removed
South Tank 8	D030, D032	Lonestar	\$5,883	Matrix Interference Codes Removed
North Tank 9/10 Comp	D018, D032	Lonestar	\$12,210	Matrix Interference Codes Removed
OT 4 and OT 5	D032	Lonestar	\$4,883	Matrix Interference Codes Removed
South Containment	D020	Ash Grove	\$14,805	This material would ship as is with the D020 waste code. Can bring down to \$7,000 T&D into Republic if we remove the D020 waste code
South Tank 1/3/6	D002, D007, D018, D020, D030, D032, D033	Clean Harbors	\$70,478	Lonestar has issues with the Chromium. I have asked LeRoy to send a sample to EQ to see if they can treat versus having to incinerate
North Tank 8	D018, D032	Clean Harbors	\$37,122	Need to give this one some thought. Lonestar can't handle because of the solids 40.4% VOC's are >500 ppm
		Total	\$191,682
